

**New!**

*The Second Edition of*

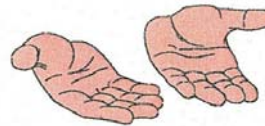

# **TECHTALK: The Mammographer's Companion**

Authored by:

Anne Cheesman, M.R.T.(R.),  
C.B.I., FCAMRT, B.A.

- ▶ Now presenting over 420 pages of your favourite Techtalks;
- ▶ Includes a completely new chapter on Digital Mammography, which is becoming a standard practice modality for many institutions involved in Mammography;
- ▶ Quality Assurance and Quality Control information, which is an essential part of the process;
- ▶ The Professional Practice section has been expanded, and a more complete Patient Assessment chapter included.

*\*This is an invaluable text book and aid to practice, which should be available in every Mammography Department.*
